

## DEVELOPMENT OFFICER UPDATE – 17<sup>th</sup> October 2014

### Seilebost School

We have received 2 tenders for the feasibility study from Hostel Hub and MacIntyre Gauld Associates, will be looking over them in more detail before making a decision.

### Campervan Hook-ups/Pitches

The planning application is now on the council website, and the neighbour notifications have been sent out. Comment are on from Environmental Health regarding a water standpipe within 90m of site and they are sending an application to me.

Will now look at online booking systems etc. and how this will work. John Alec Shaw will be coming this week to provide a full quote for work needed.

### The Shed

Looking at the possibility of solar panels for the shed, contacted Alec Murray and Lewis Builders to provide quotes. Lewis Builders came down to visit the site and will get back prices.

### Community Activity Survey 2014 – Over 60s

Working on this, trying to arrange a couple of visits each week, so far good feedback, and everyone seems keen on a pensioner's lunch club.
