

DEVELOPMENT OFFICER UPDATE – 15th September 2015

Campervans

Currently we are in profit, the season so far has paid for the all the overheads of the installation, marketing, caretaker etc. Waiting on bills for refuse collection and digger work at start of season. Full update on financials will be given next month.

Seilebost School

Details of first draft report from Munro Gault. He has provided 3 sets of drawings and financials. There will be a notice in the next issue of De Tha Dol, inviting people to express their interest in the building when it will be vacated next year. This will be shared on Facebook and Twitter as well.

Broadband

Letter was issued to Stuart Robertson on Wednesday 2nd of September by email, with a copy issued to Angus Brendan MacNeil MP and Alasdair Allan MSP. I also included a letter from Martin Bonaccorsi, who intends to build in Seilebost and move here with his wife and young family. I have so far received a reply from Angus Brendan MacNeil office, stating we have his full support.

Solar Panels

The current Feed in Tariff for solar panels is due to end at the end of the year, the rate is 12.47 p/kwh which ends on 31st December 2015. I am getting quotes from Lewis Builders and Alex Murray at the moment for this building to see if it would be worthwhile to install before the tariff drops.

Lisa MacDonald
Development Officer
